"CUBA WILL BE FREE."

REBELS REJECT PEACE OVERTURES AND MAKE BOLD THREATS.

They Have Large Bodies of Infantry and Cavalry—War Can Be Carried On For Ten Years.

LONDON, March 14.—The Central News correspondent in Madrid says: Private cipher telegrams from Cuba do not confirm the official statement that the rebellion has been virtually crushed.

TAMPA, Fla., March 14.—When the Olivette arrived this evening from Havana, a rush was made for the passengers in search of Cuban revolutionary news. A Cuban, who has come on an important mission, stated that the Provisional Government had been organized and that General Marti had been made Provisional President. General Gomez was made General-in-Chief. The revolutionary army as now organized, consists of 5,000 infantry and 3,000 cavalry. The Cubans are armed with machettes and rifles, while the Spanish forces are armed with rifles and the old-style sword which is very clumsy.

Last Saturday a peace commission in behalf of the Government visited Munsilla, and conferred with the insurgent commander, General Maso, with a view to inducing that officer and his command to lay down their arms and take the oath of allegiance to the Government, in which case they would be granted pardon. They returned unsuccessful and thoroughly disgusted. General Maso received their arguments and granted them an hour in which to leave camp or else suffer the penalty of being shot.

"Cuba will be free from Spanish misrule," said General Maso, "for war will endure ten years or longer if necessary."

INDEMNITY THAT JAPAN WILL FORCE CHINA TO PUT UP.

Other Peace Conditions—To Cede Formosa—Cores—Two Great Naval Stations.

WASHINGTON CITY, March 12.—As a result of the negotiations between Minister Dun in Japan and Minister Denby in China, the terms of the peace about to be concluded between China and Japan are now known with little short of exactness. As understood in official circles they are as follows:

One—The treaty between Japan and China has ceased to exist by reason of the war, but on the renewal of peace, the new treaty will grant Japan extra territorial jurisdiction over China, but the latter country will surrender the extra territorial jurisdiction formerly held in Japan.

Two—There will be no extension of Japanese territory on the mainland of Asia, but the island of Formosa, a Chinese possession lying off the coast will be permanently ceded to Japan.

Three—The Japanese will by treaty be granted the right to continue the occupation of Port Arthur and Weihaiwei, the two great naval stations leading to the Gulf of Pechili, for a term of years.

Four—The claims of China that Korea is a dependency of hers shall be forever relinquished, and Korea shall henceforth be independent.

Five—The cash indemnity to be paid by China will not exceed \$250,000,000 in gold.

WAR IN SAMOA.

Big Force of Natives Ready to Go to Battle.

A dispatch from Apia says that the rebel party is in great force in Leulumoega, being 3000 strong in Aana and well supplied with arms and ammunition. They are to meet in council to determine what course to be pursued. It will no doubt be the usual programme of impossible demands made upon King Malietoa in reference to abdication or a suggestion of divided authority. These being naturally declined, war will ensue without any doubt. Missionaries from outlying stations say that nothing is being planted and nothing in the nature of work can be done.

Gorgeous Military Display.

Such a gorgeous display of hats and bonnets has not been shown in Honolulu for many a year, as was imported by Mr. Sachs for the Easter opening which began Saturday and continues to-day and tomorrow. Some of the hats are perfectly stunning, and the roses and violets seem at a first glance fresh from the florist. This is a rose and violet season in millinery, and they are shown in profusion, all the new shades are shown in velvet, ribbons, and roses, besides quantities of the new California violets, in different colors; particular attention is called to the little French bonnets, some of which are regular gems. Silver hat pins are given away. Ladies are cordially invited by Mr. Sachs, to call and inspect the display without feeling obliged to buy.

MURDEROUS LABORERS.

Whites Assault Negroes With Rifles—Militia Called Out.

NEW ORLEANS, March 12.—The thick fog early this morning was the veil behind which desperate white levee laborers gathered, and which they penetrated with Winchester rifles aimed at the colored union workmen on the ships loading at the docks. The attack was made at points several miles apart, just before the arrival of the police, and as a result there are half a dozen corpses and a dozen or so wounded men.

This is a race war. The white stevedores claim the negroes have been cutting wages. The militia has been called out.

DRAFTS NO GOOD.

A Decision On the Japanese Habeas Corpus Case.

The Habeas Corpus matter in the Japanese immigrant case came up before Judge Cooper at 10 o'clock this morning. The points were re-argued by respective counsel and submitted. Judge Cooper returned a decision in favor of the Government, denying the writ. The point made was that the law left the matter of accepting drafts in lieu of money, in the cases of aliens entering the Hawaiian Islands, entirely in the discretion of the Collector-General of Customs. At the end of proceedings the draft in evidence was returned to the prisoner and he was released.

THE WOMEN'S EXCHANGE.

AN ENTERPRISE PROJECTED BY THE LOCAL W. C. T. U.

A Commendable Plan—On a Business Basis—Room Secured—To Begin on April 3.

The ladies of the Women's Christian Temperance Union are about to initiate a new enterprise, the opening of a Woman's Exchange in this city, upon a plan similar to that adopted in San Francisco and other cities on the Coast and in the East. The object is to furnish to women who are more or less dependent upon their own exertions for their support, a means of which they may earn money in their own homes.

It is proposed to receive orders at the Women's Exchange for various articles of home production and of new-upon such as home-made bread, biscuits, rolls, cakes, pies, doughnuts, cookies, Boston brown bread, baked beans and pork, pickles, jellies, home made poi, etc., etc., which will be furnished to customers at reasonable prices. Ladies who are willing to take orders for furnishing any of these articles, or any other article of food, are earnestly invited to confer with some member of the committee before April 1st.

Fancy articles, such as knitted work, pictures, decorated china, Hawaiian fans, leis, table mats, paper flowers, and women's and children's clothing, etc., made by women of any nationality residing in the Hawaiian Islands, will be received and placed on exhibition for sale. Such articles may be left at the Exchange at any time before April 1st. A charge of ten per cent will be made by the Exchange on all sales, and at present no other charges will be made.

Terms will in all cases be cash. Only first-class goods will be received and sold.

The committee has secured a room on King street, opposite the Arlington Hotel, and Miss Oyer has been appointed to act as manager of the Exchange. They propose to open the rooms on Wednesday, April 3d. Applications for furnishing articles of home manufacture will be received by any member of the committee or by Miss Oyer, during the present week, and will be considered in the order in which they are received. Each woman who takes an order to furnish any article, will be given a number, which must be attached to every article furnished by her, and by which she will be known, thus insuring privacy to those who for any reason do not wish their names made public.

As some expenses will be necessarily incurred in fitting up the room, etc., it is hoped that those who are interested will assist and will be responsible for their application. The committee will also be glad to give any information or to receive suggestions from any who may have had experience in such an enterprise.

ARTHUR P. PETERSON.

DEATH OF THE HONOLULU LAWYER IN SAN FRANCISCO.

Pneumonia the Cause—Came to Honolulu When a Child—Was Once the Attorney-General.

By the Miowera Sunday E. Wells Peterson received a telegram announcing the death of his brother, Arthur P. Peterson, which occurred in San Francisco on the 16th inst. Pneumonia is given as the cause.

Arthur P. Peterson was well known in Hawaii and in various parts of America. He was born in New Bedford, Mass., thirty-six years ago and came to Honolulu in 1870 when 11 years of age. His early education was received at Punahou. He then entered Judge Hartwell's law office and later pursued his study of law at Ann Arbor, Michigan. From there he went to Plymouth, Mass., where he completed his studies and served in the militia. There and in Boston he engaged in the practice of law for three or four years, returning finally to Honolulu.

For the past ten years Mr. Peterson has been more or less conspicuous in the political arena. He held several positions of prominence under the old order, and was considered a strong partisan with his particular element. He was always very well liked by those who knew him.

During the reign of Kalakaua he was Deputy Attorney-General under both Antone Rosa and C. W. Ashford, finally succeeding to the first position himself. He was Attorney-General in Liliuokalani's Cabinet on the day of the overthrow in 1893.

Mr. Peterson leaves a wife and one child, now in the East. His father, Daniel P. Peterson, mother, Sister and two brothers reside here. The brothers are Dr. C. A. Peterson, Government physician at Ewa, and E. Wells Peterson, bookkeeper for J. A. Hopper. His sister is Mrs. A. V. Gear.

ALMOST A DROWNING.

Rescue of a Young Lady by an American Officer.

A young lady of the city came near losing her life in the surf beyond Peacock's, Waikiki, Sunday afternoon. Quite a number of young people were out surf-riding. The lady in question left the boat and started to swim to shore. Unfortunately she became helpless in the surf and screamed for aid. An officer of the Philadelphia, walking along the beach, plunged in and brought the young woman to shore, just in time too, for it is said she had fainted.

The next steamer for the Coast will be the Peru which falls due at this port Friday. The China will be along from San Francisco about next Monday afternoon.

GIANT POWDER.

Seizure of Fishing Explosive Made by Deputy Sheriff Sheldon.

"Billy" Sheldon of Wainae made a giant powder catch this morning, and also has the two natives who had stolen the stuff in the lock-up. The natives took the powder from a railway tunnel near Wainae. It was the property of either the railroad or the plantation. They were using it to kill fish. Sheldon had been following the stuff since Sunday. It was finally located in a calabash and seized. The natives, who are from Honolulu, have made a confession of the whole matter.

A LARGE NUMBER OF CITY FOLK
